## **Mohave Wireless' New Tower Improves Cellular Coverage**

**July 2, 2007**, Kingman, AZ – Residents of Lake Havasu City will gain improved cellular coverage thanks to Mohave Wireless' new tower construction. Cellular coverage is improved due to a new tower at the Mohave Wireless Retail Business office at 1850 McCulloch Blvd. This tower will improve coverage east toward the mountains, west toward the Lake, north toward the airport and south of the main business district toward Parker. Calling benefits of the new sites are increased signal strength, call quality and better in-building coverage.

**“Mohave Wireless is excited to offer improved coverage to our customers. We work hard to provide our customers superior local and national coverage at affordable rates with the latest technology available,”** said James Moak, Mohave Wireless' General Manager.

Mohave Wireless is a CDMA-technology carrier which offers enhanced phone service including improved voice and call quality, longer battery life for phones, and a larger selection of phones with capabilities including camera options and text messaging.
